Dear Mr. Love,

This is to acknowledge receipt of your email to the Public Service Commission of South Carolina. Your email will become a part of ND-2015-20-E - Duke Energy Carolinas: Foothills Transmission and Substation Project- 45-Mile Transmission Line Between Asheville, NC, Power Plant and New Substation Near Campobello, SC, and will be posted on our website under this docket.

Please let me know if you should require any additional information.

Sincerely,

Deborah Easterling
Administrative Coordinator

Subject: Transmission lines

Dear South Carolina Public Service Commission

I am writing you to express my concern and opposition to Duke's plan to destroy the economic future of Polk County and environs with their planned Transmission lines.

Our economic health depends on the very things which will be destroyed by these lines: our scenic beauty and peaceful rural atmosphere. Tourists will pass us by and potential new residents will flee at the sight of these ugly monsters marching through our woods, over our creeks, and up and down our mountains. Restaurants and inns will be empty, houses will go unsold, and tax base supporting our schools will take a dive.

As our nonpartisan utilities regulatory body, please represent us and support us in every way you can in this fight to save our communities .

Harry Love
